1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Webster on December 4, 2006.

The application has been amended as follows: Cancel the non-elected claims 8 and 9.

2. The following is an examiner's statement of reasons for allowance: the claims are allowable because the prior art of record fails to disclose or teach the recited fan assembly comprising a housing including first and second housing portions, the interior of which is divided by partition plates and form a discharge duct that communicates with the cold air flow passage to supply cold air to the ice-making tray.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The following changes to the drawings have been approved by the examiner: Figs. 1 and 2 need a "Prior Art" label. In order to avoid abandonment of the application, applicant must make these drawing changes.
